

Are you ready to enter the competitive workforce?

We are enrolling students for the following training course. Tuition funding is available.

Manufacturing Program Natoli Engineering

This eight-week course will provide students with the vocational and soft skills training needed to successfully secure competitive employment for entry-level positions at Natoli Engineering. The course meets Monday-Friday for three hours each day. Natoli is the recognized global leader in tablet compression tooling manufacturing and is located in St. Charles, Mo.

- » Week 1 is training at the BCI Skills Center
- » Weeks 2-8, students work part-time at Natoli and receive on-the-job training and pay
- » 3 hours each workday will count toward training requirements, including 1 hour dedicated solely to soft skills
- » Students learn skills including blue print reading, shipping, shop math, quality processes and more
- » Students must have H.S. diploma (or equivalent) and be able to stand for eight hours a day
- » Starting wage is \$16/hour
- » Once graduates become proficient in their jobs, they can choose a different shift, if available
- » Students must successfully complete program and meet all pre-hiring requirements in order to earn job offer
